PRIDAY MORNING, JUNE 15, 1-450.

THE LIQUOR SELLERS' CIRCULAR. was rendered on certain points in the litigat on the official organ of the cheep whicky assortion to design that declaring rest. We have not eistion yesterday contained a folded crystar formed what that decision was. We have not sesting forth the objections of the association to seen the text of the discussion, but from never pages and the second of the page of assumed to be "mistaken as in the real actitude of the association towards the high license or-disance." It opens with the statement that "the principle error, or misapprehension, of the statement of the control of t he was sugaged in drilling and organizing the public lies in the impression that resistance volunteers for the army, and orjectedly be made to the ordinance solely because of the use demanded," while the fact is that connect in with the Seventy sixt a regundent the high license feature is one that is least ob- of which he was appropriate that whilst these employed as further on, after the declaration is made that the ordinance is resisted because it tild not pass ntate, because it introces burdens on in the city which are not imposed by law surface of the earth, the averton danger from cil, because it conflicts with other laws dealers in the city which are not imposed by law
on others in the same business in the relates
in the state, because the ordinance is in excess
in the state, because the ordinance is in excess
of the nowers conformed upon the common
sources of supplies when in the presence of the uncil by the legislature, e.e., etc., the objection of 1861 he had devised in his we mind a method of accomplishing his result. that it is resisted "because under a pretense of which I e explained first to his drill-equal and the common compatitudes to comthen to the officers of the regiment, and which consisted in driving a rud strepened at spenses of the city government." So

ther says: "The mounters of this asand inserting a tube, through which the water could be drawn by any ordinary style primp. It is clear that nearly seven years claused hit and they are entitled to protection in it usafter Col. Green had begun using his device tolele the law by converting it into a The members done, are they not daily that the inventor allowed it to go into public and said that under the act of congress. 1839 it was immaterial whether the prior use of the invention for two years therein men-tioned was with or without the consent and allows see of the inventor, and that such price use in either case invalidated the patent. On another point the ir airmaise, to almost daily acts court ruled against the plaintiff, namely, that to frequent robberies, the reissue was vold because it was not for the same invention as the original patent, and piness of this de-mater members of this de-ter members for this success. The object of the license fee, and the object of the license fee, wold because that the justanees of prior use vere in the main more experiments of well a Independence, Is., in 1861, and the success a nse of several wells at Milwausee in 1849 and the a malesame of the worst pos as Green's. Though the lows decision is not Bru marrowy of vice, losterism, United States supreme court, yet the opponent I the patent claim to have scored a very mportant advantage. The question is regarded with a great deal of interest in many parts of while have any protons have not epposed this form all the licenses and given the Conserve, the vile holes, facility ditte law to shut up, and the conserved as vermin would Circulated through the free whicky organs, the manifesto of the lawless whirky ring ass not reached the decent clauses of the community. Just to let those classes see the associance

made the inspiration, cover and adjunct of

plets, while that of the United States was vary oreditable, and it is said that the benefits which the Monor traffic, as back the expense incurred. At London last month the American department was likewise with the present that he manify to. "Farmers, these head bisopole, drug-lating as adulturate their father and public group." of the whole exhibition covers about six hundred large pages. Twenty-three acres of ground were required for the display. riegh All grades and ity republican convention yesterday till datadjourn is taken into account. It was hoped that by this expedient no time would be left to those who might object to unfit nominations to combine to best them. But there will be time enough, and it will be employed to good pur-pose, too, if the nominations are not free from the court of of the disreputable, gang who are
